

# Deena Moore Benefit!

**October 16, 2011**

**Jimmie's Ice House**

**2803 White Oak Dr. (77007)**

In October 2009, our friend and neighbor Deena was diagnosed with Stage 4 Colon Cancer during a routine physical. Cancer had already spread to her liver and she was given 2-3 months to live unless aggressive chemotherapy was undertaken immediately. And even then, the chemo wasn't going to be a cure. Surgery was not an option because there was too much cancer in her liver and the tumor in her colon had been there for 5 -7 years. Chemo began in December of that year.

Deena, who is a long-time Garden Oaks resident and has taught at Garden Oaks Elementary and Sam Houston High, is on 1/2 disability from her HISD teacher's salary. This means she runs short each month between her family's living expenses and medical treatments that are not covered by insurance. To help her cover this shortage, a benefit is being planned for Sunday, October 16<sup>th</sup> beginning at Noon.

Join us on Facebook at **Deena Moore-Benefit!** You can donate and learn how to bid on auction items plus any updates. You may also visit [www.moonlightconcepts.com/deenamooorebenefit/home.php](http://www.moonlightconcepts.com/deenamooorebenefit/home.php)
