I will work with you and your tax and legal advisors to help you select the most appropriate product solutions to suit your specific needs and circumstances.

Insurance and Annuities offered by Metropolitan Life Insurance Company, 200 Park Avenue, New York, NY 10166.

Some health insurance products offered by unaffiliated insurers through the Enterprise General Insurance Agency, Inc., Somerset, NJ 08873

**ADOPT
A
SENIOR
FOR
THE
HOLIDAYS**

sponsored by the
**Garden Oaks
Civic Club**

During this time of year our elderly continue to go without the basic necessities due to lack of resources and not having family nearby. Help our seniors through the Care for Elders program. The Care for Elders program, through Volunteer Houston, works with three local senior social service agencies to match volunteer organizations with seniors in the surrounding area.

Help fill the wish list of seniors by donating the following items:

Toilet Tissue	Mops
Paper Towels	Buckets
Basic Cleaning Supplies	Brooms
Shoe Pads (various sizes)	Dust Pans
Shaving Cream for men	Smoke Alarms
Razors	Batteries for Smoke Alarms
Toothpaste	Socks for men & women
Toothbrush	Blankets
Mouthwash	Lotion for men & women
Soap	Laundry Detergent
Personal Hygiene Items for women	

**BRING YOUR DONATIONS TO THE
TUESDAY, DECEMBER 5th CIVIC CLUB
ANNUAL HOLIDAY PARTY**

7 p.m.

**Garden Oaks Elementary School Cafeteria
901 Sue Barnett**

Civic Club will provide main meat items and drinks
for the holiday party.

If you would like to participate in the party,
you are asked to bring the following:

Last name "A" through "F" bring a vegetable side dish

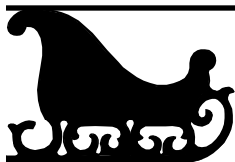

Last name "G" through "L" bring a pasta dish

Last name "M" through "R" bring a dessert

Last name "S" through "Z" bring a bread item

Entertainment by Tina Sabuco with ARTS ALIVE!

Alternate drop-off location for donated items for seniors is
412 W. 34th. Deadline for donations is Tuesday, December 12.

Fun, friendly newsletter brought to you by Kar Hospital®

Santa Gets His Sleigh Repaired Here!

It's true...Santa visits the Kar Hospital before he makes his long trip around the world!! We don't want him breaking down on his big night!!!

So, what do we do for Santa???

Well, we change the hot chocolate, rotate the sleigh runners and inspect the reindeer hooves. We also make sure that the cotton candy filter is clean and that Rudolph's nose works...a couple of years ago, Santa had to make a emergency landing because one of the bulbs in Rudolph's nose went out...it was not good!! (His bulbs are replaced every year now...we don't want that to happen again!)

All of the other fluids are inspected, checked & filled up. We want the eggnog and apple cider in tip-top condition! The tinsel belts & peppermint hoses are inspected for cracks, worn spots and lick marks...you wouldn't believe what those Reindeer will eat!! And, because he's such a loyal client we wash the sleigh and vacuum out all the cookie crumbs for free!!!

We can perform the same service for your ride! Since almost all of our clients own vehicles and not sleighs let me explain how we can help. First, we'll change the oil in the motor and replace the oil filter. During an oil change Ricky checks & inspects almost every fluid and tops them off. He looks at the belts & hoses, exterior lights and horn operation. This is a 45+ point inspection. Your tires will get rotated (if needed) and your brake pads will be inspect for wear. This oil change & inspection is so intensive that it takes nearly 45 minutes to complete! (Sorry, only Santa gets a sleigh wash & vacuum!)

Call (713)688-0805 to make an appointment for your Santa Special!!

Santa's Special!

Let us treat you like Santa!
We'll change your oil and filter, rotate your tires, inspect your brakes and check all your fluids.

All this for only

\$29.97!

That's an \$80 value!

Please call **713-688-0805** for your appointment.
Appointments fill up fast, call today so you won't miss out on this incredible deal!
Offer expires December 31, 2006.

Does your kar refuse to get out of bed?

Call the Kar Hospital® and we'll send our "ambulance" to come pick it up!

713-688-0805

Do You Have A Question About Your Car?

We love to hear from all of our good friends and clients who enjoy reading our monthly newsletter. If you have a question about anything related to your vehicle, feel free to give us a call at (713) 688-0805 or e-mail at karhospital@hotmail.com.

Lock your keys in the car??

You're in good company,...it happens all of the time! Give us a call & we'll come and rescue you!! (713)688-0805.

Fun, friendly newsletter brought to you by Kar Hospital®

How much do you love your kar?

Some of us love our kars to the point of obsession, washing, waxing, and detailing weekly, even daily. These people often run to the mechanic or auto parts store for any sound or vibration out of place. We love you!!!

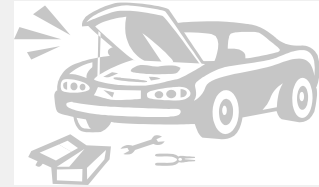

Then there are those of us that let those little noises, rumbles, and warning lights go until our vehicles break down. We love you too, but your kar probably doesn't! On behalf of all those poor kars, we'd like to say: "Love your kar!"

Sure, most vehicles

develop odd rattles and squeaks with age (just like we do) but sometimes your vehicle is saying "Please Help Me!!!" Don't ignore those little warning signs or screams for help... take your "baby" to the Kar Hospital®. An ASE certified technician will see if your kar is in need of a little TLC or is simply aging gracefully. ♥

Come visit your friends at the Kar Hospital®. We'll make your sick kar feel better!

"...(Kar Hospital®) is outstanding & honest... I would not trust my vehicle with anyone else."

*Dennis Alexander,
Garden Oaks Resident*

Highest Honor Given to Kar Hospital® from AAA!

Every year AAA rates their shops. They "spot" check them to make sure that the mechanics are up to date with their credentials, they walk around to make sure that the shop is clean, waiting area comfortable and that the appropriate tools to perform repairs on your car are available. If all of that looks good, they then go through client files & call the clients to see what they have to say!

- 100% of clients polled said that they were satisfied with our repair work...

- 100% of clients polled said that we were courteous and professional...
- 100% of clients polled said that the estimate they received was adhered to, or if additional work was required they were consulted...
- 100% of clients polled said that their car was ready when promised...
- 100% of clients polled said that they will return to our facility!!!!

We really try to do a good job and we feel so blessed to have such great clients! Thanks for the vote of confidence!

The Sweetheart♥ Special is Back!!

This year, make your kar your Valentine!

Treat your vehicle to an oil and filter change, tire rotation, brake inspection, and front end inspection. We'll also make sure all of her exterior lights work, fluids are topped off & in good shape and safe to drive...

A \$70 value for only
\$39.85!

Confused lions 'hunt' small cars

Small cars driving through a safari park in Merseyside have been chased by confused lions who think they are prey.

Staff at Knowsley Safari Park in England are monitoring smaller vehicles, including Mini Coopers, after the lions started paying special interest.

David Ross, park manager, told the BBC News website that a group of lionesses chased after one Smart car after being confused by its compact appearance.

He said staff were stationed near the enclosure to keep visitors safe.

Unusual features on cars can also spark interest by the 12 lions at the park, which are more used to seeing larger cars. All vehicles are monitored by park staff on the way in.

Mr. Ross said: "The lions will take an interest in peculiarities on cars and we always keep a close eye on the cars coming in.

"With Mini Coopers the lions definitely raise an eyebrow. It sparks their interest because of their size. We had an incident of two ladies in a car being chased by lionesses. It must have been quite frightening for them, but we always have staff in a vehicle by the lion enclosure to deal with any problems."

Hmm...That Mini Cooper looks like a Happy Meal to me!!!

Funny Bumper Stickers seen in & around Town...

Fun, friendly newsletter brought to you by Kar Hospital

Give Your Kar a Flu Shot!

We were going to talk about more gas saving tricks, but I think that this month we should talk about New Year's resolutions.

Yeah, it's that time of year again, when we all make promises about losing weight, taking better care of ourselves, and spending more time with family. Well, this year make a resolution to take better care of your kar, too.

Don't put car maintenance off any longer than necessary. You may think that just because it's a kar, it doesn't matter... but, just like your body, a kar works

better when it has been taken care of. The longer you put off maintaining your kar, the more it's going to cost you to keep it. It'll cost you more gas money, longer repair time & more cash.

Your kar usually tries to let you know something is wrong, pay attention to it. If the check engine or service engine soon light comes on it means that your kar has noticed that something is wrong. It could just be something small now, but will become something big if not taken care of immediately. Take it to a knowledgeable, well equipped

shop as soon as possible so they can tell you what's wrong and how the problem can be fixed.

Also, try to do as much of the manufacturer's recommended maintenance on time. Think of it like a check-up for your body, you need regularly scheduled shots and tests; so does your kar.

You will give your kar a flu shot by visiting the Kar Hospital!!

Get Happy, Stay Healthy & See You Soon!
Happy New Year!!!!

Correction... In November's issue we told a joke about a blonde woman who locked her keys in her car. A reader, who didn't identify themselves, sent in a corrected copy. Here it is:

A blonde **man** is driving down the road. **He** notices that **he's** low on gas, so **he** stops at a gas station. While **he's** pumping **his** gas, **he** notices that **he** locked the keys in the car. So when **he** goes inside to pay, **he** asks the attendant for a hanger so that **he** can attempt to open the door **himself**. **He** returns outside and begins to jimmy the lock. Ten minutes later, the attendant comes out to see how the blonde is faring.

Outside the car, the blonde is moving the hanger around and around while a different blonde inside the car is saying, "A little more to the left... a little more to the right!..."

Hmm... is someone trying to tell on someone?

Flu Shot For Your Car

Make **an appointment** to bring your vehicle to the Kar Hospital for it's annual flu shot. (713)688-0805. We'll change your oil & filter, rotate your tires & inspect the brakes. We'll also fill up the fluids in your vehicle, make sure it is safe for driving & prepare a list of upcoming items your vehicle may need for the New Year!

Regular price \$71.82....but until January 31st it is only

\$35.91

Lessons Learned...Our New Year's Resolution to You

We learned a very valuable lesson in Mexico this past Thanksgiving, and it is one that will be of great value to you!

During our vacation in Cancun we suffered from dysentery! Now, we were careful to not have the water, ice, lettuce, etc. until we were told by the staff that the resort's water was safe to drink due to their private filtration system.

We believed them... BIG MISTAKE! 5 people, 2 bathrooms... it was bad...

The resort doctor said that we were sick from the water and that the resort has a sand filtration system... kind of like Brita.

Days later we had

breakfast with Ben, our concierge. When he asked us about our stay we told him we were having a great time except for the 36 hours we were sick. HE DID NOT ACKNOWLEDGE our concern or apologize and even went as far to say that we must have gotten sick from somewhere else. We only ate and drank at the resort, so where was the bad water???

OK, so what did we learn...

We learned that people just want to be heard and taken care of. We learned that it doesn't take a whole lot to make a friend. We learned that when we mess up that we have to take ownership of the

problem in order to fix it. We learned that we want YOU to be completely and totally satisfied.

So, our New Year's Resolution to you, our client and source of income is this:

We are your friend and advocate in auto repair industry. When we mess up we will own up to the problem. We will do everything in our power to make sure that you are completely & totally satisfied with our service.

It's amazing what a little bad water will do, huh?

Fireworks Safety Tips!

It's fireworks season again! Although most of us will go downtown to watch the city's fireworks, some will travel outside the city limit & pop our own. So, if you're gonna play with fire, here are some tips to not get burned!

Parents, always supervise your kids when using fireworks. When you go to a fireworks stand, be sure to select a variety of fireworks that everyone can enjoy and don't be afraid to ask the salesperson for help... they know their stuff.

When you are ready to play choose a wide open space without many trees. Always follow the directions and treat fireworks with care (they are explosive after all)!!! Have everyone stand back while the firework is lit and run back to safety.

Store your fireworks in a cool, dry place away from flames, small children & pets.

Ooh and aah over the pretty fireworks and enjoy yourself. Don't forget to clean up!!

Do You Have A Question About Your Car?

Maintenance Means More than Oil

C a r S a l e s m a n
says... "When it comes to maintenance, all you're going to need to do is get the oil changed every 7,500 miles. Don't worry about anything else for the first 100,000 miles."

Last month we talked about the "Great Oil Change Myth". This month we're going to talk about transmission fluid & bust the

No Maintenance to 100,000 miles Myth!

If your home is Houston (Garden Oaks is considered Houston) then your car lives in a really rough environment. Stop & go traffic, idling, temperatures that ex-

ceed 100° outside & ??? under the hood really takes their toll on everything car related. Heat kills and that includes your transmission...

Sure, you change your oil every 3,000 miles, but what about the transmission fluid? The transmission works just as hard as the engine & it's oil needs to be changed too! You see, just like the engine, the transmission is lubricated by oil (transmission fluid) and when the oil gets too hot it will no longer lubricate.

Your owners manual might say to service or flush the transmission every 30K, 50K or maybe even 100K, but I'm here to tell you they're wrong!!! Here, in

Houston, the transmission is way over worked & the fluid gets really hot & burned. If you don't want to waste your money buying a transmission needlessly, then you should flush the over worked & under respected transmission at least every 15,000 miles (more if you idle excessively)!

Wonder how to tell if your transmission needs immediate attention?

Smell the fluid. If it smells burned or looks darker than a bright red color, then your transmission fluid needs immediate attention.

Again, the fluid gets really hot & burns. Burned oil can not lubricate. Transmission dies. You bleed \$3,000. It's not pretty!

"I DON'T WANT TO BUY A TRANSMISSION SPECIAL!"

Maintained transmissions have very little problems. The transmission should be flushed & the filter should be changed alternating years. That means flush this year, replace the filter next year. So, for the entire month of April, we will flush your transmission using BG chemicals (the stuff you hear talked about on the radio & the same stuff used at the high quality dealerships) for 15% off our normal great price of 126.34. That means you'll get the

Highest Quality Transmission flush known to man for only \$107.39

Call (713)688-0805 for your appointment.

Who's to blame?? Funny insurance claim quotes...

I had been driving for forty years when I fell asleep at the wheel and had an accident.

7am as usual when I collided straight into a bus. The bus was 5 minutes early.

I didn't think the speed limit applied after midnight.

An invisible car came out of nowhere, struck my car and vanished.

I was on the way to the doctor with rear end trouble when my universal joint gave way causing me to have an accident.

The accident happened because I had one eye on the truck in front, one eye on the pedestrian, and the other on the car behind.

The accident was caused by me waving to the man I hit last week.

And my favorite below...I was just trying to miss a squirrel.

Windshield broke. Cause unknown. Probably Voodoo. The accident happened when the right front door of a car came round the corner without giving a signal.

I left for work this morning at

Funny Bumper Stickers seen in & around Town...

Call us at 713-688-0805 to add yours to the list next month!

If money is the root of all evil, then why do churches beg for it?

Back up my hard-drive?? How do I put it in reverse?

Horn broke, watch for finger!

4 out of 3 people have trouble with fractions.

Guns don't kill people, Driver's with cell phones do.

Chaos, Panic, Fear...my work here is done!!

I had a life but my job ate it

Let's Talk Turkey

Did you know that Thanksgiving is the busiest holiday for traveling? With everyone going to visit friends and family around the country, the airports, freeways and bus stations are (cranberry) jam-packed with holiday travelers. For those of you who are going to brave choruses of "Are we there yet?" and drive, here are a few tips to make your car ride go more smoothly.

If you are going on a long trip, make sure your vehicle has a clean bill of health. Take it to the mechanic for an oil change and ask them to give it a good once-over.

The fluids all need to be inspected for condition and level. The condition of the

belts, hoses and air filter need to be checked. The tires should be properly inflated and inspected for wear and tear (and if there are any nails or foreign objects in them). It would also be a good idea to inspect the brakes to make sure you'll be able to stop once you get to Grandma's house.

All your lights need to be checked, including brake lights, turn signals, reverse lights and license plate lights. Make sure your inspection and registration stickers are up to date. Getting a ticket for a out-of-date sticker or a burnt out tail light would be a bad way to start the family vacation!

It's a good idea to have

your battery tested too! It would really stink if you stop for a potty break & find out that your vehicle won't start!

Also, if you are a member of the American Automobile Association (AAA), make sure your membership is up to date. Make sure you review their policies to know what they can and can't help you with.

Goin' to Grandma's Special

We'll change the oil & filter, rotate the tires, inspect the brakes, test the battery and do our almost famous multiple-point safety inspection!

That's a \$123.07 service for the low price of \$35.86!!

Please call **713-688-0805** for your appointment.
 Appointments fill up fast so call today so you won't miss out on this incredible deal!
 Offer expires November 30.

2006 Best Mechanic: Kar Hospital (713)688-0805

Courtesy Houston Press Sept. 28, 2006

imperative to find someone who has not only the knowledge to get the job done but also the heart not to rip you off. At Kar Hospital, the small familylike crew attends to your needs like the best nurses and doctors would if it were you lying under the lights. They treat your car like a patient, keeping a detailed chart of what has been done, what needs to be done and what should be done to keep your vehicle in tip-top shape. And if you're the type who needs a little extra clarification, they're

In Houston, finding a mechanic you can trust is as important as finding a competent doctor; many people in this town practically live in their vehicles, and chances are that your car will see more time on the operating table than you ever will. That's why it's

always willing to sit and explain every detail. They use top-of-the-line parts, guarantee all their work and leave a lollipop on your dash when they're finished. Now, if they'd only accept Gold Cards, we're really be in business.

Things To Do Thanksgiving Day If You Want To Be Excused Early

1. Open the oven, shove hunks of Velveeta into the turkey while it cooks. Tell mom it adds the coolest flavor.
2. Shoot olive pits at Grampa's glasses (just pinch them in your fingers and they FLY!!)
3. Whenever someone at the table says a word beginning with the letter R, make a loud "BUZZ"ing noise.
4. Bring along old recorded football games, pop them in the VCR when Dad's not looking.
5. Suck your cranberry sauce loudly through a straw.
6. Hold your nose while you eat.
7. Mid-meal turn to mom and say, "See mom, I told you they wouldn't notice, you were worried for nothing".

Does your kar refuse to get out of bed?

Call the Kar Hospital® and we'll send our "ambulance" to come pick it up!
