

Garden Oaks Gazette

NOTE !!!!

MEETING: JULY 12th 7pm

Garden Oaks Civic Bldg. 822 West 34th.

PRESIDENT'S MESSAGE

Many people have told me that the phone numbers published in the Gazette a couple of months back don't always get the right city department. They were the most current numbers. Just keep telling them what your problem is and they should be able to find someone who will listen. You can get as much done as I can if you just keep after it. Call everyday. Get your neighbors to call. Eventually they should get tired of hearing from you and do something about the problem.

This month's meeting will be kept short due to the heat, but we do need to have one to take care of some necessary business.

It has been extremely interesting that there are so many new faces at each meeting. If we ever had everyone who has attended one meeting there at the same time the building wouldn't hold us all. We do need more people to attend on a regular basis so that we don't have to repeat everything every time. You might even miss something important if you don't attend the next meeting.

Looking forward to seeing you there,

Kay Paul

BUILDING REPAIR

Our Civic Club building is one of only a few in Houston. As most of you know it is in great need of repair. At the may meeting, a motion was made to try to raise the money for these repairs. The first estimate of costs was from \$25,000 to \$30,000 depending upon how much rotten wood is found inside the walls.

Since that meeting several people have made some important contacts to try and get materials donated and possibly some of the labor. All this is in the works now as we continue to take further bids.

We will be starting a publicity campaign soon to raise funds as soon as we have a more definite amount. We hope every member of our community will find it important enough to save our building that each one will make a donation.

SECURITY

Section I should have paid for the second three months by now. If you did not receive a reminder please send your payment to :
