Happy Thanksgiving

Nominating Committee Presents Slate of Officers for 1992

The Nominating Committee has worked very hard this year to come up with a slate of officers for 1992. Our goal was to have more than one person run for each office. This was to provide a more democratic election and to put some spirit into the whole event. Even though we were not able to accomplish this feat, we did succeed in finding four fine people to run for office. At this time, the slate stands as:

- President – Anita Scherer
- First Vice President - Membership
Blanche Leonard
- Second Vice President - *Gazette*
- Treasurer – Jan Koenig
- Secretary – Don Howie

The *Gazette* editor is noticeably absent. No one wants to relieve me of my duties. I do have one prospect, but

she wants to make it a team effort, which is a great idea. She could do the layout if someone else went to the Civic Club meetings and acted as coordinator. A third person could handle advertising. If anyone is interested, or knows someone who is interested, please call me at 688-3237. A phone call will not obligate you, I promise! If no one volunteers, the December issue will be the last issue of the *Garden Oaks Gazette!* Can we let this tragedy happen? Please say "no" and say "yes" to saving the *Gazette*.

During the election in November, we will take nominations from the floor for all positions. Thank you to the Nominating Committee members - David Ballard, Charlie Dickson, Jennifer Day and Trish Webb for your diligent work and thank you to the four people who have agreed to be on the slate. What would we do without you?

Civic Club Elections

November 5

The next Garden Oaks Civic Club meeting will be held **Tuesday, November 5 at 7:15 pm** at the Garden Oaks Baptist Church Fellowship Hall, 3206 N. Shepherd. Elections for the 1992 Civic Club officers will be held.

The Nominating Committee has recommended the following slate of candidates: Anita Scherer, President; Blanche Leonard, 1st Vice-President (Membership); Don Howie, Secretary; and Jan Koenig, Treasurer. Nominations will also be encouraged from the floor.

Refreshments will be available at 7:00 pm and the business meeting will commence at 7:15 pm. Baby-sitting is provided for \$1.00 per child. Remember, you must be a paid member to vote. Pay your dues and vote for the future of Garden Oaks.

Gophers Taking Hold in Garden Oaks

No, not the four-legged variety. These gophers are members of a newly formed group; Garden Oaks People Helping Education Reform. **Barry Morris** of **Section 1** spoke about the group at the September Civic Club meeting. He said the group had met three times; the last meeting being held at Black Middle

School. Members include Anita Scherer, Denise Sherwood, Angela Dickson and Jeannie Daniels (of Garden Oaks Elementary). The group's mission is to make the schools our children are zoned to schools we can be proud of. Anyone interested in becoming a GOPHER is urged to call **Barry Morris** at 863-8553.

President's Message

Elections are right around the corner on November 5. The Civic Club meeting and elections are the same day as the general elections which should make it pretty simple to remember.

Are you ready to hear me get on my soapbox about voting? As a citizen of this country it is your privilege to vote. Everyone knows that, but not everyone exercises this right, especially in local elections. I believe that the most important votes are cast in local elections (municipal and county elections) because decisions made at these levels directly affect you.

Therefore, it is imperative not just to vote, but to vote smart. Become an informed voter. Every vote counts and the candidates know this, or they wouldn't be spending all that money to get their names out there. However, it is not always smart to solely rely on political advertising and name recognition when determining who to vote for. Take the time to get to know about the candidates AND the issues. Not just the issues that are thrust into the limelight, but the issues that are important to YOU.

What issues are important to the Garden Oaks community? The average attendance at a civic club meeting is 30 to 50 people. These civic club attendees and committee members are the ones deciding the direction of Garden Oaks. They are the ones deciding how the money should be spent and on what projects. They are the ones exerting their privilege to get involved. Are these the issues that are important to YOU? Are YOUR views being represented?

Let your views be heard. Get involved in the Civic Club. Nominations for officers will be encouraged from the floor next Tuesday. Oh yes, and VOTE November 5 at the polls and then at the Civic Club meeting.

Anita Scherer

Daniels Speaks on Changes at Garden Oaks Elementary

Jeannie Daniels, the new principal at Garden Oaks Elementary, spoke at the October Civic Club meeting about the changes taking place at the school. She started off by saying that an effective school is one in which all the children are learning and can learn. It is also one in which the test scores are high regardless of race and socio-economic background. Daniels quoted these national statistics: Of the children born in 1986, 24% live below the poverty line and only 4% have working fathers and stay-at-home mothers. One very important observation made by Ms. Daniels is that children have changed dramatically, but the ways they are taught have not. Elementary school is basically the same today as it was when we, our parents, and even our grandparents were in school. She went on to describe seven characteristics of an effective school:

1. Strong instructional leader - a leader of leaders, who will take an active role at the school and make instruction top priority.
2. Focus on instruction - that we all share the same vision and commitment.
3. Holding high expectations - by principal, teachers, parents, and community and believing that we can attain those expectations.
4. School climate - a safe, orderly, clean environment which leads to a high morale.
5. Using assessment appropriately - compare scores based on sex, race and socio-economic backgrounds and use those findings to do something about low scores.
6. Campus resource allocation - fixed assets - are they used in the most effective way to raise morale?
7. Parental and community involvement - here Ms. Daniels quoted an old African proverb, which sums it all up: **The education of the young is the job of the whole village.**

Every citizen of Garden Oaks should think about this bit of wisdom. We should incorporate it into our daily lives and ask ourselves what we as individuals and as a group can do to educate the young of Garden Oaks. Their future is our future.

Notes From the Garden

We hear a lot of talk these days about the fragility of the ecosystems that surround us. Everything from our backyards, to Galveston Bay, to the earth itself seems to be imperiled. I wouldn't begin to argue that the dangers don't exist, but I do have a problem with the tone of some of the commentary. Media reports tend to describe our natural environment as a delicate and fragile old parchment - one which will crumble into dust if we so much as touch it.

Ecosystems are fragile only in the sense that it doesn't take much of a shock to change a system. It takes one heck of a wallop to destroy one. From very personal experience in the garden, I can assure you that Mother Nature is one tough old biddy - and she doesn't go down without a fight.

A few weeks ago I was ready to fill one of the beds in the new garden with soil. The ground in the bottom of the bed had a pretty good stand of nutgrass and bermuda grass. Since I didn't want the weed grasses infiltrating the bed, I put down an overlapping layer of newspapers about eight sheets thick over the whole bed, under the frame of the bed, and two feet out around all the sides of the bed. Then I filled the bed with six inches of soil and mulched the side areas with a three inch layer of grass clippings. Two weeks later, I had nutgrass and bermuda pushing up through the surface. The newspapers and six inches of dirt didn't even slow them down.

In an earlier column, I harped on the evils of herbicides (chemicals that kill plants). I pleaded for people to avoid them unless you were faced with a really big problem. Well, the weeds in the garden finally got the better of me - and I broke down and bought some Roundup. I mixed up a full strength batch and sprayed the entire garden area (after reading and carefully following the directions, of course).

Three weeks later, the Roundup had destroyed most of the vegetation, but a

funny thing had happened. In a number of spots where the nutgrass and bermuda had died back, two totally new varieties of ground cover had appeared and seemed to be spreading rapidly. The additional space and light encouraged plants which wouldn't have survived in the earlier conditions. Some of the original villains remained as well, and if I don't keep them under control they'll take back over in no time. My efforts to kill the plant half of the ecosystem had failed rather pathetically.

The lesson is clear. Natural systems are durable, adaptable, and opportunistic. It's also important to remember that nature also does not discriminate in humanity's favor. If we mess up an ecosystem, nature will probably rebuild it, but we may not like the new one nearly so much as the old.

Jan Koenig

Last Meeting of 1991 for Garden Club

The Garden Oaks Garden Club will hold its last meeting of the year on **November 14 at 7:00 p.m.** The meeting will be a pot luck dinner at the home of **Katherine Hardin**. Election of Officers for 1992 will follow.

The Garden Club always welcomes new members, so please come join and enjoy! Call **Katherine at 862-8454** for information.

Letter To The Editor

Dear Editor,

I think that if we all pitch in and work to make Garden Oaks a better place it will help the planet. If we don't litter, it will make Garden Oaks a better place to live. We all could clean parks, recycle, repair damaged things, clean up all the trash, and plant new plants. It would make a better improvement on Garden Oaks. We could put a stop to crime, fix old streets, and maybe add new parks. And if we did, think how peaceful Garden Oaks would be. Please think about this and try to pitch in. Thank You!

Sincerely,
Nicholas Pagel, age 11

* This incident happened in July but was listed in the August Crime Bulletin. Many of you have asked for more information on these crimes. However, this is the only information listed in the crime bulletin. Trish Webb is working on getting more detailed information to you.

C.O.P. Report

I am so proud of our G.O. C.O.P. patrolling record. You are out in force and it shows! Area 1 patrolled 33-1/2 hours for September, Area 2 patrolled 84 hours, and Area 3 patrolled 117 hours! Keep up the G.O. C.O.P. force!

Everyone has been asking me "How did the Heights Festival go?" Well, it went great! We had a festive Heights Festival Booth thanks to **Linda Same** and **Nancy Rust** who decorated with a very special C.O.P. scarecrow and neon signs. They also manned the booth along with **Heather Barr, Patrick King, Sue Pagel, Johnny Murphy, Bill & Jinny Chastain, Nell & Wayne Armstrong, Mildred Worhol, Joan Fudge, Anita Scherer, Angela Dickson, Tom Mehrkam** and of course, was there! We had a great time selling **Blue Bell Ice Cream** sandwiches and canned **Coke** products donated by **Apple Tree on 43rd**. The profit from both festivals so far is approximately \$330. We have a few cases of **Coke** left over and some ice cream sandwiches which we intend to sell to the **Garden Oaks P.T.A.** or to **G.O.** residents. This should increase our profits closer to \$500. I will have a final report at the next Civic Club meeting.

Thank you to **Burns DeLatta & McCoy, Inc.** for lending us their booth and a special thanks to **Woody Mehrkam** and **Tom Mehrkam** for setting up the booth Sunday morning at 7:00 a.m! The Civic Club's booth is missing a few essential parts and could not be

used for the Heights Festival. ANYONE WITH INFORMATION AS TO THE WHEREABOUTS OF ANY MISSING BOOTH PARTS, PLEASE CONTACT ME. I would like to put the entire booth in safekeeping for the next round of festivals in 1992.

We are having another round of Open House Parties! Come to the Open House in your Area to find out what is happening in our neighborhood. These are informal get-togethers for our regular members to exchange stories and for any interested residents to be trained and or get more information on G.O. C.O.P.

Area 1 Hosts:

Patrick King & Heather Barr
535 W. 34th St.

November 13, 1991 — 6-7:30 p.m.

Area 2 Hosts:

Bill & Jinny Chastain
1011 Althea

November 7, 1991 — 6-7:30 p.m.

Area 3 Host:

Trish Webb
1082 Gardenia

November 12, 1991 — 6-7:30 p.m.

I am talking with a few people about a Crime Stat Review to be given at the Civic Club meetings and an article for the *Gazette* concerning the ratio and extent of crime in our area. I hope to have this started very soon. In the meantime, keep your eyes peeled and your nose to the ground! Ouch! Let me know your comments, suggestions and findings! Thank you for making G.O. a safer, better place to live.

Trish

H.P.D. & C.O.P. Working Together

The H.P.D. and the Northwest Area C.O.P. Coordinators and Assistants met October 12th for a workshop on Organizing for Growth, Scheduling, Recruiting, Preventing Burnout, and Fundraising - all the behind the scenes criteria needed to have a successful C.O.P. program. Tom Merhkam joined me to represent G.O. C.O.P. along with 17 other Northwest neighborhood C.O.P. leaders. Sgt. Guidry from H.P.D. and Sherri Perry, Shepherd Forest Subdivision Coordinator presented the workshop. This was the first such workshop between a police force and organized C.O.P. groups in the country. Sgt. Guidry hopes to establish a coalition with the participants of the workshop to continue the effort and work with neighborhood C.O.P. programs throughout the city of Houston.

Another very exciting and innovative program was announced October 15th in a news conference with Chief Watson and the president of Houston Cellular Telephone Company. Houston Cellular has donated 15 cellular phones to H.P.D. as a study of the value of cellular phones versus CB radios and base stations in C.O.P. patrolling. We are one of fifteen neighborhood C.O.P. programs chosen to receive a cellular phone! The program should be underway in November and the phone in our hands - or I should say our cars! We will be sharing the phone amongst our patrollers and will feedback to H.P.D. the success, value, etc., of our experience with the phones. If they prove to be effective and efficient for patrolling, we will be issued cellular phones instead of CB radios and base stations in the future. The phone time is free, but only 3 numbers will be accessible; 911, 222-3131 (H.P.D. dispatch), and our area substation. Patrollers will have a training session and will begin to use the phones sometime in November. Immediate access and contact with H.P.D. will make a safer and more efficient patrol.

In conjunction with better equipment, such as the cellular phone program, many new ideas were discussed at the October 12th workshop. We discussed the "no-man's land" areas - the business areas around our neighborhoods, such as the Ella & 43rd intersection, the back alley behind Ella Blvd. businesses, North

Shepherd, 610 feeder, etc. It was suggested to expand our patrolling to include these areas and encompass our business community in our patrol. Many pros and cons were discussed and H.P.D. is going to study this possibility further before including it in the C.O.P. guidelines. So for now, no decision has been made and we are to continue patrolling in our neighborhood only and take the signs off our vehicles when leaving the neighborhood.

A joint effort was encouraged between neighborhood C.O.P. groups to "blanket" this side of town with patrollers; to get to know our neighbor programs and people involved for better patrolling efforts. H.P.D. is trying to include this as a joint venture project amongst area C.O.P. groups. I will keep you informed of any news and hope those of you who are interested will call me for more information.

One last opportunity I would like to pass along is the Ride Along Program. If you want to ride with an officer during the day, you may walk into the substation and make your request at the front desk. If you want to ride at night, please call the substation to make an appointment to patrol with the officer. H.P.D. requires you to sign a waiver for responsibility and then you may ride with an officer. I suggest to all that have an interest to please take advantage of this community service and follow up with a note to me about your patrol ride. I would like to share your experience with the *Gazette*.

Houston is making history as the first city with a police/citizens workshop, the first to consider and hopefully organize a coalition, and the first for a cellular phone program for area C.O.P. groups. You are also making history by being a part of our G.O. C.O.P. program everyday! Houston will take back its city and you can help it happen. Get involved!

Do You Own a Dog?

If so, you may be just what C.O.P. needs. C.O.P. is our Citizens On Patrol group and we are in need of patrollers. If you walk your dog, jog, walk with a neighbor, or ride a bike regularly, please call **Trish Webb at 683-8461** to sign up for C.O.P. Your regular routine is the key to our safe neighborhood.

Recycling Election

It's time for another important election; the election of Recycling Committee Officers for 1992. Many of you have worked hard all year, and now is your chance to be part of the group that makes the decisions. We need you to say where our Recycling Committee is going and how it will get there. Please accept this opportunity - *you* can make the difference!

The offices are chairman, first vice chairman, second vice chairman, treasurer and secretary. If you want information about what these offices entail or if you want to be on the ballot, call **Tim Pagel** at 686-4424 or **Rusty Day** at 699-8417.

**Thanks,
 Neighbor!**

Three cheers for the clean-up crew that cleared the lot on W. 30th Street and Shepherd across from Taco Cabana. That lot had been an eye sore for some time. Thank you **Bill Montgomery** for spearheading that project and for your persistence in seeing it through. That crew consisted of **Bill Montgomery** and hired hands, **Bill and Jinny Chastain, Anita Scherer and Jan Koenig**. Thank you, too, to the residents of the house adjacent to this property, who said they will try to keep the lot mowed. Thanks to our neighbor **Blnswanger Glass** for letting the crew use their trash dumpster.

Garden Oaks

Good Neighbor Award

The votes have been tabulated and the 1991 third quarter Garden Oaks Good Neighbor has been named. **Rob & Kerry Epstein** are the winners of this quarter's award. They were nominated by her neighbors, **Kaye & Steve Parisi** who related a remarkable incident which occurred in June of this year. The Epsteins observed that their elderly neighbors were not well and found that the couple were in a hot house, had not eaten recently and were in a dehydrated condition requiring hospitalization. They may have saved the lives of these neighbors! The Epsteins have worked with Garden Oaks C.O.P. and done many neighborly things such as feeding pets and watching over neighbors' homes when the owners are away.

The judges were Dr. Donald Goodwin, Pastor of St. Matthews Methodist Church; Councilman Larry McKaskle, of District A which includes Garden Oaks; and Margie Kendall of Northwest Memorial Hospital.

The Garden Oaks Good Neighbor Award is sponsored by Suzanne Debien, REALTORS, Inc. and Cavatore Restaurant. Winners receive a lovely handmade certificate and dinner for four at Cavatore. Nominations for the Good Neighbor Award are always welcome. For more information, call 861-5040 X224. Letters of nomination may be submitted to Suzanne Debien, REALTORS, Inc. at 1235 North Loop West #1215, Houston, Texas 77008.

Elementary School News

Our Fall Festival is almost here! It will be held on **Saturday, November 16** from **1:00-5:00 p.m.** Each class will work its own booth. There will be food, games, a raffle, an auction, and a country store. This is our biggest fundraiser and we would appreciate any donations from individuals or businesses. Please call **Susan Light** at **862-5446** if you would like to help.

We had a great time at our pumpkin decorating contest on October 15th. There were lots and lots of great looking pumpkins. The winners of the contest were as follows:

Pre-K: **Jamayi Cooper**

Kindergarten: **Caitlin Everett**

First Grade: **Travis Lee**

Second Grade: **Joshua Rodriguez**

Third Grade: **David Pencil**

Fourth Grade: **Katherine Arnold**

Fifth Grade: **Kristin Light**

Congratulations All! Many thanks to our judges: **Anita Scherer** and **Officer Steven Sweet**. You had a tough job but you did great!

We are still collecting AppleTree receipts in an effort to obtain more Apple computers. We are also taking donations of outgrown shoes and coats for needy students. If you can help in either of these areas, please call **Peggy Kramer** at **869-0440**.

Congratulations to **Mrs. Sandra White**, Employee of the Month for October. Also congratulations to **Mrs. Brown's 4th Grade Class** and **Mrs. Hunter's Special Ed. Class** for getting the most new members in the P.T.A. Membership Drive. These classes were treated to a Domino's pizza party on October 4. Important dates in November include the 6th-2:00 dismissal and the 27th, 28th & 29th-Thanksgiving Holidays. And don't forget the Fall Festival on the 16th! See you there.

The following attended the Civic Club for the first time in September:

Sandy Speed, Section 4
Jay & Dorothy Denton, Section 5
Thank you for coming. Hope to see you again in November.

Texas Legislative Update

Several new laws have come into effect recently that affect our pocketbook. Here is a list of some of these tax changes made in the regular and special sessions of the Texas Legislature.

Effective September 1, 1991:

... a \$2 fee will be assessed on all retail sales of new and used lead-acid batteries of at least 6 volts but less than 12 volts and a \$3 fee on lead-acid batteries of 12 volts or more. The revenue generated by the fees will be used to recycle the lead and acid in batteries and the battery cases which are usually made of hard rubber.

... the motor vehicle sales and use tax rate will increase to 6.25%. Motor vehicle rentals for 30 days or less will be taxed at 10% and rentals for more than 30 days will be taxed at 6.25%. The definition of motor vehicle has been expanded to include trailer dollies, stingers, auxiliary axles and converter gears.

... proof of insurance will be required when renewing or obtaining a driver's license, automobile registration (license tags), and inspection stickers.

Effective October 1:

... boats under 65 feet long used primarily for non-commercial use and outboard motors will be taxed 6.25%. The seller and purchaser both will sign a form available from the county tax office or the Parks and Wildlife Department stating the amount paid for the boat and/or motor. The tax will be paid to your local county tax assessor-collector or to the Parks and Wildlife Department when applying for boat registration and/or title.

... motor vehicle repair shops, body shops and garages will be allowed to buy consumable supplies for resale and collect tax from their customers provided customers are charged separate amounts for parts and labor.

... the tax rate on gasoline and diesel fuel will increase to 20 cents per gallon.

... the list of taxable services will be expanded to include all telephone answering services and the repair, maintenance, and restoration or remodeling of boats and motors.

Effective January 1, 1992:

... a \$2 fee will be assessed on new tires sold. Most of the money generated by the fee on tires will be distributed to professional tire shredders to encourage recycling.
